

# NATIONAL SPONSOR

Montana HOSA: Future Health Professionals is one of seven Career & Technical Student Organizations under the direction of the Montana Office of Public Instruction. The mission of HOSA is to empower its members to become leaders in the global health community through education, collaboration, and experience.

## • SEND A STUDENT TO WASHINGTON, D.C.

Each fall, Montana student Executive Council members and chapter officers travel to D.C. to attend the National HOSA Washington Leadership Academy. There, students attend workshops, tour national health industry facilities, and meet with Montana State congressmen.

## • SUPPORT OUR INTERNATIONAL CONFERENCE QUALIFIERS

A student who medals at State competition automatically qualifies to compete at the HOSA International Leadership Conference (ILC) hosted in June. Annually, over 10,000 students and adults travel to an urban host site for ILC. Airline and accommodations are cost prohibitive for most of our students.

## • ELECT A MONTANA STUDENT TO THE NATIONAL EXECUTIVE COUNCIL

The National Executive Council is made up of 8 college-level students who are elected to represent the over 200,000 international HOSA student members. The election process is arduous and candidates must attend ILC. Financial support could increase chances of Montana having a representative on the Council.

## • PROVIDE A COLLEGE SCHOLARSHIP

Nearly 95% of Montana HOSA seniors go onto postsecondary health science programs. These seniors compete for the minimal healthcare-specific college freshman scholarships available in Montana. Contact Montana HOSA to ask how your organization can sponsor a HOSA college scholarship.

## • COVER COST OF AP EXAMS

Most of our Montana HOSA students enroll in advanced placement (AP) courses, at their high schools, and take AP exams to receive advanced college credit. In 2019-20 cost of one AP exam was \$94.
